Revoke the Legal Theory that corporation have the rights of people now! There are no free markets only corporate monopolies.

Supply and demand are both controlled by too big to fail corporations!

Markets can no longer be allowed to dictate economic & social policy. Basic rules of corporate responsibility and accountability which are internationally binding & enforceable are needed now to fight Global warming!

Stay Frosty & Hard Ukrainian Warriors...Glory to the light!

Moscow owes Kyiv for war damages. The UN ought to confiscate all Russia money and redistribute to Kyiv.

The security council veto must soon give way. No one nation owns nor can rule the world. No one nation can stand alone against the rest.

Peace can only be sustained when we allow all to share in the wealth.

The link between trade and poverty reduction is not automatic.

fascist

Trump & the Supreme Court have taken the law into their own hands and got away with it. If America is to survive then justice must be served.

There are those who plot and plan wars as a trials of strength and profit. These must be purged.

All current religions cling to worn out man made dogmas...

We are only formally educated for work and not for the purpose of life skills..

America is now seeing how central banks & national money systems control populations.

Biden's "politics" on giving Ukraine F-16s is the art of postponement until it no longer matters. I do not support this type of leadership. Russia is a clear and present danger.

There is no truth in journalism anymore...

The current economic Hollywood model is obsolete. A new model that shares the profits more fairly is needed or Hollywood will cease to exist!

Is the American military afraid of the Russian military? I say 'Cry 'Havoc!' and let slip the dogs of war'

The America people know that all their leader's are morally compromised. To be human is to be morally compromised. Hopefully it won't be crooked. Hopefully The America people could narrow it down to the best of the lot...

The sooner Russia withdraws from Ukraine the less evil karma it will have to endure. There are no Nazis in Ukraine. The facts are Putin's behavior is more Hitler like than any other nation on earth. Sadly, the Russia people will suffer more than any other nation on earth in the next 5 years. No nation on earth can mock god's karma. The Russia church is a criminal organization and will be reformed along the lines of unconditional love. This will be a very painful process to watch. It sad when good hearted people fall for lies of hatred and greed.

The City of Retz, which exists in both the Astral Plane and Physical Plane of Venus and where in a special temple they can manifest a physical body to come to the Physical Plane on Earth, like Omnec Onec talks about. They can do this in Tibet also. Before I was aware of Omnec Onec, Rom The ET took me to Venus telepathically (made a copy of my etheric shell) where I saw this light yellow domed city from a far. I think it was Retz. I was not allow to approach the city due to my low earth vibes which are harmful to their peoples. However, I was allowed inside the Mars Temple. It was a very real. Lots of ETs. See my Log.

Rich industrial nations are experiencing declining populations. So why the need for a growing GDP?
